Growing Solutions, Inc. and its distributors, agents, service technicians or any other representative cannot be held liable or responsible for disposal of any by-product of the Waste2Water system. Nor can they be held responsible for any violations or fines associated with the disposal of golf course by-products.

8. Service Frequency

- A. Service will be provided every 30 days
- B. Service charge including parts and labor is \$350.00 per month, except for the winter shut down and spring startup. The service charges for these services are \$700.00 each.

9. Agreement Term

- A. This agreement to perform the preventative maintenance on the Waste2Water system installed at the golf course listed below is for **12 months** from the date of this agreement
- B. This agreement may be terminated with a 30 day written notice. This agreement is automatically renewed each year unless a written notice is received in our office thirty days prior to the automatic renewal date.

Not included in the routine programmed maintenance is the cost for replacement of worn non-working, out of warranty parts due to use, abuse, or age.
